To ensure you leave us with the most up to date qualification...
If during or after your enrolment, the course in which you are enrolled is updated in line with national industry standards, the Institute reserves the right to transition you into an alternate course. If this becomes necessary, the Institute will advise you of the change and the arrangements which will be available for you to complete your alternate course.

What are the entry requirements? (including Recognition of Prior Learning)
There are no entry requirements for this course.

Credit (or recognition) for modules/units may be granted based on previous learning, studies, work and/or life experiences. Please discuss this with the teaching section when you enrol.

Under 17 and wanting to leave school?
If you are under 17 and want to leave school, your options have been affected by a recent
change in NSW law. From January 2010 you must complete Year 10 and then continue in either full-time education, training, paid employment or a combination of these options until you're at least 17 years of age. More information about options for school students under 17 is available from the NSW Department of Education and Communities - The new school leaving age.

What kind of work could I do?
When you complete this qualification you will have access to enhanced employment opportunities and career choices as well as skills and knowledge to access further education in a range of vocational qualifications.

Pathway to university or higher education

**Important changes to TAFE NSW fees for 2015**

From 1 January 2015 the NSW Government will be introducing changes to how students access government subsidised training in NSW. These changes are part of the Smart and Skilled reform of the NSW vocational education and training system and affect all new and continuing students. It covers all qualification levels Certificate II to Advanced Diploma, selected Foundation Skills courses at Certificate I and II levels, all apprenticeships and selected traineeships. For more information and how this may affect the fees you pay please visit smartandskilled.nsw.gov.au.

**How do I enrol?**

**Unique Student Identifier (USI)**

From 1 January 2015, all students participating in Nationally Recognised Training in Australia will need to have a Unique Student Identifier, or USI.

This includes students completing an apprenticeship, skill set, certificate or diploma course.

A USI gives you access to your online USI account and will contain all of your nationally recognised training records and results from 1 January 2015 onwards. Your results will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results. One of the main benefits of the USI is that you will have easy access to your training records and results throughout your life.

**How to get a USI**

It is free and easy for you to create your own USI online at usi.gov.au. Your local Customer Service office can also provide further information and assistance. If you already have your USI you can enrol with TAFE WSI.
