Will I need to undertake Work Placement?

"Yes. Workplace learning is a compulsory component of all OTEN Community Services courses and is completed progressively throughout the qualification. To be assessed as competent in this qualification, students are required to undertake a minimum of 120 hours supervised work placement.

You will need to arrange your own work placement by finding a home-based support service within a community services organisation and approaching them about completing your placement hours and assignments in their workplace. This can sometimes be a difficult process and students are advised to allow plenty of time to make these arrangements. Students who are currently working or volunteering in a home-based support service within a community services organisation may complete their workplace hours at their usual place of work.

You will need to have visited your intended work placement organisation and discussed the requirements with your workplace supervisor.

* It is the responsibility of the student to research requirements for career pathways before enrolling in a course of study. This includes membership of a professional association, employment, work placement and/or articulation to university."

Unique Student Identifier (USI)

From 1 January 2015, all students participating in Nationally Recognised Training in Australia will need to have a Unique Student Identifier, or USI.

This includes students completing an apprenticeship, skill set, certificate or diploma course.

A USI gives you access to your online USI account and will contain all of your
nationally recognised training records and results from 1 January 2015 onwards. Your results will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results. One of the main benefits of the USI is that you will have easy access to your training records and results throughout your life.

How to get a USI

It is free and easy for you to create your own USI online at usi.gov.au. Your local Customer Service office can also provide further information and assistance. If you already have your USI you can enrol with TAFE NSW.
